Monica Abrahamsen

Dear Monica,

Two years overdue, but we are still remembering your outstanding performance in Love Letters at the Ingomar Club. It was the highlight of our summer 2013.

You and Brad Curtis were delightful, engaging and humorous in your heartwarming presentation of these two separated, yet somehow connected, lovers.

Congratulations, although overdue, on a very special evening of theater.

Sincerely,

A handwritten signature in dark ink, appearing to read "Paul McNally". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.
